Peter Jones reviews *The Greeks and Greek Love: A Radical Reappraisal of Homosexuality in Ancient Greece* by James Davidson. James Davidson is an angry man. His wrath is directed at Sir Kenneth Dover, greatest of Greek scholars and author in 1978 of the ground-breaking *Greek Homosexuality*. That brilliant book has become the orthodoxy on the subject, and it is an orthodoxy to which Davidson, Reader in Ancient History at Warwick, takes the most violent exception. Sensitive readers should look away now. *The Greeks & Greek Love* book. Read 20 reviews from the world's largest community for readers. James Davidson uses a wide variety of sources - court cases...

review of another edition. Sex in ancient Greece wasn't all nymphs and satyrs going at it in the woods of Arcady - unfortunately. Christopher Hart. Sunday 23 March 2008 01:00.
As Davidson puts it in customary caustic and witty style, *The Greeks & Greek Love* excavates terrain that should have been excavated years ago, "had we not been so strangely concerned with sodomitical penetration". There's a lot more to Greek love than the crude enquiry, did they or didn't they? Davidson is more than happy to admit that there are areas where we cannot be certain, and his monumental study also forms a running commentary on classical historiography itself: not only what we know but how we know it, and what we do with that knowledge. In classical antiquity, writers such as Herodotus, Plato, Xenophon, Athenaeus and many others explored aspects of homosexuality in Greece. The most widespread and socially significant form of same-sex sexual relations in ancient Greece was between adult men and pubescent or adolescent boys, known as pederasty (marriages in Ancient Greece between men and women were also age structured, with men in their thirties commonly taking wives in their early teens). Though sexual relationships between adult men

A Closer Look at Homosexuality in Ancient Greece. In recent years, we have witnessed an undeniable advancement of the LGBT rights through several legal cases and political campaigns. For many years, LGBT people had to remain silent and hide their sexual preference, but that's not the case anymore. The kind of love between two men that Plato described in Symposium focuses on the beauty of the soul above that of the body. As Plato clearly states in his works, the love (or friendship if you prefer) between two men is above the love a man has for a woman, as in most cases this kind of love includes sex. The Greek attitude to same-sex attraction was not nearly as permissive or free as many have assumed. Peter Jones reviews *The Greeks and Greek Love: A Radical Reappraisal of Homosexuality in Ancient Greece* by James Davidson. James Davidson is an angry man. His wrath is directed at Sir Kenneth Dover, greatest of Greek scholars and author in 1978 of the ground-breaking *Greek Homosexuality*. That brilliant book has become the orthodoxy on the subject, and it is an orthodoxy to which Davidson, Reader in Ancient History at Warwick, takes the most violent exception. Sensitive readers should look away now. A radical reappraisal of homosexuality in Ancient Greece, the first full-scale book on the subject in English since 1978, by a young historian described as 'the best thing to happen to ancient history for decades' (Andrew Roberts, MAIL ON SUNDAY). "About this title" may belong to another edition of this title. Buy Used Condition: Good 634 pages.jacket is shelf rubbed Learn more about this copy. £ 16.34. Convert currency. Shipping: £ 13.90 From South Africa to United Kingdom. For the past 25 years, studies of Greek sex have been dominated by the unholy partnership of the bald Michel Foucault and the pigeon-chested Kenneth Dover. They drew up a model of male sexuality, based largely on the philosophical and rhetorical tradition, that emphasised that ancient sexual behaviour was not defined by sexual object but by power relations. In this history, "homosexuality", in the sense of the medical and psychological definition of a person according to whom he has sex with, is a 19th-century invention. James Davidson sets out to offer a radical reappraisal of this constructivist model, which he calls "sodomania" - an obsession with penetration and power. *Radical Reappraisal of Homosexuality in Ancient Greece*. London: Weidenfeld and Nicolson, 2007. Pp. v, 634. Hubbard indeed goes so far as to say, "One finds throughout *The Greeks and Greek Love* a lack of familiarity with even the most basic principles of myth interpretation. He ignores the diachronic evolution of literary and artistic variants, conflating details from sources that are centuries apart..." (6). To be fair, attention to "the diachronic evolution of literary and artistic variants" certainly informs Davidson's handling of the myth of Ganymede, which takes up chapter 7, "Ganymede Rising."
