Dog created from recycled, re-purposed parts. This is a great project for a beginner-woodworker. Browse Clocks | Wooden-Gear-Clocks. Wooden gear clocks, clock kits, and do-it-yourself clock plans. A smush book can be a great educational tool for all ages. While a preschooler could create a whole library of smush books for each letter, a high school student could write a book summary with one or two sentences per page and illustrations. (Little known secret: high school students like to use crayons, too!)
