EMBED.Â Burke, Edmund, 1729-1797. Publication date. 1803. This book is published by Liberty Fund, Inc., a foundation established to encourage study of the ideal of a society of free and responsible individuals. The cuneiform inscription that serves as our logo and as the design motif for our endpapers is the earliest-known written appearance of the word "freedom" (amagi), or "liberty." In the three volumes of Liberty Fund's new edition of E. J. Payne's Select Works of Edmund Burke are writings in which Burke expounded his Whig theory of limited (and party) government, his views on the imperial crisis that led to American independence, and his views on the great Revolution in France, which he saw as a crisis of Western civilization. Edmund Burke (/É`bÉrk/; 12 January [NS] 1729 – 9 July 1797) was an Irish statesman and philosopher. Born in Dublin, Burke served as a member of parliament (MP) between 1766 and 1794 in the House of Commons of Great Britain with the Whig Party after moving to London in 1750. Burke was a proponent of underpinning virtues with manners in society and of the importance of religious institutions for the moral stability and good of the state. These views were expressed in his *A Vindication of Natural Society*
