The Rule of Thoughts plays fast and loose with what computer hacking actually is. More realistic detail would undoubtedly slow down the plot, but there's little attention paid to the actual science of computing. Positive Messages. Be thoughtful of your actions in the real and virtual worlds. Be loyal to your friends. Positive Role Models & Representations. The Rule of Thoughts is less violent than the initial installment of this series. Most of the mayhem takes place in virtual reality, but there are gunfights in the real world that lead to deaths. Sex. Bryson, Michael, and Sarah indulge in some innocuous, platonic flirting. Language. The language in The Rule of Thoughts is mild. "Damn" and "hell" are used two or three times each. Consumerism. Drinking, Drugs & Smoking. The Rule of Thoughts (Mortality Doctrine, Book Two) By James Dashner.
