This book contains a great amount of information for the price. I didnt buy it to take the A+ certification really, so i can't speak on how well it prepares you for the exam. I already work in IT and I more wanted to round out my own knowledge, and it's done a good job of that. The main problem I have with it is that I get the impression it was written 20 years ago, and they've just added to it over time without making any meaningful cuts. Author:Wempen, Faithe.
