

Keys to the Council: Unlocking the Teaching of Vatican II - 2012 - 9780814633687 -

Richard R. Gaillardetz, Catherine E. Clifford - 198 pages - Liturgical Press, 2012

What makes this book so valuable is that it truly does what it sets out to do, namely, to unlock the teaching of Vatican II for any interested reader with 20 key conciliar passages each clothed in a brief, fact-filled, historically accurate, and theologically sound chapter. -- -Theological Studies. The significance of the council to the reader's life today, and how it might be best applied in his or her encounter with the world, is an important part of the book and provides an opportunity for reflection for the thoughtful reader. -- -Catholic Studies. Product Description.Â This book provides a complete discussion of the teaching of Vatican II. It is not light reading, however. And it might be too "dense" for those who have little background in theology or philosophy. With this in mind, Keys to the Council identifies twenty key conciliar passages, central texts that help us appreciate the Vision of the council fathers. Each chapter places the given passage in its larger historical context, explores its fundamental meaning and significance, and finally considers its larger significance for the life of the church today.Â Worship, What makes this book so valuable is that it truly does what it sets out to do, namely, to unlock the teaching of Vatican II for any interested reader with 20 key conciliar passages each clothed in a brief, fact-filled, historically accurate, and theologically sound chapter. Keys to the Council. Unlocking the Teaching of Vatican II. by Catherine Clifford, Richard R. Gaillardetz. Buy the eBook.Â There is a danger of missing the forest for the trees. With this in mind, Keys to the Council identifies twenty key conciliar passages, central texts that help us appreciate the Vision of the council fathers. Each chapter places the given passage in its larger historical context, explores its fundamental meaning and significance, and finally considers its larger significance for the life of the church today. See more of Second Vatican Council on Facebook. Log In. or.Â McAleese points out in her book that Ad Gentes, the Second Vatican decree 'college' is the term that "refers to the body of bishops which succeeds the college of the apostles..." She then adds that "If the Second Vatican Council was vague regarding episcopal collegiality it was more obscure still on the broader application of the principle throughout the church." Among the commentators on this critical subject she cites Joseph Komonchak who says that "Vatican II saw episcopal conferences as 'conjunct' rather than collegial and since their immedia...Â Often the Constitutions. provide keys to properly understanding the decrees and. declarations.
