It gives u nice explanation about the Arabian tradition and tribe rule before the prophet .. Transformation has many facets in Nectar in a Sieve. Characters are transformed by hardship, learning how to endure and transcend difficulties. Is it important that this novel be happening in the mid-20th century, a time of great change in India? Are the transformations going on (both external and internal for the characters) better understood before the backdrop of post-independence India, or could these changes be happening at any time, regardless of political circumstances? The reason the book is so focused on suffering and failure is because Ruku, retrospectively, realized those things were the greatest influences in her life, and they've changed her into a resigned (but content) old woman.
