Archaeologists have established that the cosmology expressed in Adena-Hopewell earthworks and artifacts correspond to that of the tribes who inhabited the Eastern Woodlands at the time of historic European contact. In this cosmological scheme, the cosmos is divided into three interconnected worlds: the Above World occupying the sky and heavens, the Earth World, and a watery Underworld beneath the Earth World. His first full book is *Ages of the Giants: A Cultural History of the Tall Ones in Prehistoric America*, co-written with Sarah Farmer. The book traces the history of Read More.
