In her book the "Bullying Epidemic: Not Just Child's Play" Lorna gives us the tools to do just that. We need to understand that bullying kills creativity. Who can study, work, create when they're consciously or unconsciously worried about when the next attack will come? Not just the targeted person is affected. Those that witness it are afraid for themselves as well. This is a powerful topic and a powerful book. Many children are under peer pressure to join social media sites, which that can lead to or exacerbate online bullying. Photograph: Juice Images / Alamy.Â Bullying through social media, texting, websites and internet technologies was recently described by a Sunday newspaper as an "epidemic". Tragic stories such as that of 15-year-old Thomas Mullaney, who committed suicide three years ago after receiving threatening messages via social media, are a lurking reminder that behaviour in the online world "behaviour which can so often be dismissed as frivolous or make-believe by parents and proponents alike " can have devastating effects offline. Just over half of teachers claim that bullying is a problem at their secondary, with 23 per cent admitting they would not send their son or daughter there as a result. Twelve per cent of primary teachers would also protect their own children's welfare by not enrolling them, with 22 per cent citing similar issues in their own schools.Â The findings were revealed in a poll of more than 1,000 primary and secondary teachers undertaken by the Times Educational Supplement and ITV's This Morning. More than half (53 per cent) of secondary teachers and 25 per cent of primary teachers said they knew of children who had been too scared to attend school due to bullying. Over a fifth of all teachers (22 per cent) said the problem was on the increase. Not Just Child's Play. One's gut instinct is often to assume that the on-line role playing games that teenagers spend many hours playing are some cyber version of dungeons and dragons -- something for geeks with poor social skills. But MMORPG " massive multiplayer online role play games -- such as.Â The third sector will play a major role in the reform of public services within the UK under the flagship rhetoric of the Big Society. There is a lacuna of research into third sector performance in comparison to the public and private sector, which renders this study relevant and timely. This three-paper PhD thesis makes an original contribution to knowledge in the field of performance management within UK third sector housing associations using a longitudinal, multiple case study analysis.
