

The Making of Europe

By Bartlett, Robert

Penguin Books Ltd. Book Condition: New. 1994. Paperback. A wave of internal conquest, settlement and economic growth in Europe during High Middle Ages transformed it from a world of small separate communities into a network of powerful kingdoms. This book shows how Europe was itself a product of colonization, as much as it was later a colonizer, and what this did to shape the continent and the world. Num Pages: 448 pages, Illustrations. With the European Union making the rapid steps forward, there has been a permanent demand for precise knowledge of history of unified Europe. One still wonders how did the Romans manage to build Pax Romana, which was a bit more a commonwealth than an Empire. With Western and Eastern Europe now motivated firmly to build a common European house, these ideas seem to be quite interesting. As to Georgia, being a member of the Council of Europe, moving rapidly toward NATO, she had the same aspirations toward the Graeco-Roman World. This article deals with what can be labeled as making of Europe. The 6 richly illustrated and compelling volumes of the Making Europe book series take you on a discovery journey through 150 years of European advances and disasters, divisions and re-unions. By introducing you to the experts, innovators, technologies and institutions that fundamentally shaped modern Europe, Making Europe unravels how we all impacted the way it is built and experienced today. The episode begins with a story of the book "Occidentosis- A Plague From the West" by Iranian novelist If Europe's big test in 2015 was the refugee crisis, integrating the newly arrived will be 2016's. This will require the type of "Wir schaffen das" (we can do it) message that German chancellor Angela Merkel has been sending out. The refugee crisis has highlighted a historical fact: Europe's cultural, ethnic and religious diversity will increase in a transformative way in the years and decades to come. Which makes it a good time also to open a healthier more cool-headed debate about our collective identity. Sudden surges in migration pose a real challenge, but it's worth remembering that we have Bartlett has elucidated the making not only of Europe but of our own country and of the modern world as a whole."---Roger Draper, The New Leader. ". . . a useful and illuminating book, marked by breadth of outlook, impressive erudition, and a convincing discussion of the principal forces contributing to the "making of Europe" between the tenth and the fourteenth centuries." â€• Journal of Interdisciplinary History. "The most stimulating and well-written reassessment of medieval Europe that has appeared for many years."---Eric Christiansen, The New York Re
