A bookcase, or bookshelf, is a piece of furniture with horizontal shelves, often in a cabinet, used to store books or other printed materials. Bookcases are used in private homes, public and university libraries, offices and bookstores. Bookcases range from small, low models the height of a table to high models reaching up to ceiling height. Shelves may be fixed or adjustable to different positions in the case. In rooms entirely devoted to the storage of books, such as libraries, they may be Shop bookshelves & bookcases at Target. Skip listing. I have plans for cabinets to the left of the cased opening between the back entry and the studio, behind the desk, and then along the wallpapered wall. My plans are pretty nailed down for the desk wall and the cabinet to the left of the cased opening. But the wallpapered wall is the one that I'm not quite sure about. My original idea was to build bookcase-style open shelves, with solid sides and backs that would be painted the same color as the cabinets. That original idea would look something like this on the mail wall, with painted walls on either side. Source: Photo by Nystrom Design "Sear
