In case of class cancellation, Nov. 11th may be used.

*** Hand in Reading Reports of what you have read. These will list all reading assignments by class. The dates they are due are as follows:
FIRST HALF REPORT – March 9
SECOND HALF REPORT – April 27

C. Worksheets & Quizzes – Three take-home exercises need to be completed.

2. Footnote quiz / Worksheet           - Due March 2
3. Grammar Worksheets: Reference material & exercises –Due March 30
   (Will be accepted through Apr. 27)

A working knowledge of English grammar is an important component of writing. Though useful and desirable, it is not possible for this course to adequately provide a comprehensive review of grammar. We will cover the most common problem areas. However, since each person has his or her own individual strengths and weaknesses, to attempt to cover all aspects of grammar typically helps some, while it bores others. We are not so much concerned that you know all the particular names of the rules, but rather that your usage of standard English grammar improves, resulting in more effective writing. We will review your worksheets and make suggestions for further learning. See also the bibliography for recommended reading on grammar & writing.

Student Academic Conduct
The submission of the same (or substantially the same) work for credit in two or more courses without the knowledge and consent of the instructors is not allowed. Students are responsible for understanding and abiding by the school’s policy on plagiarism. Information will be provided.
D. WRITE A 10 PAGE RESEARCH PAPER:
The preliminary assignments (#1-4) are designed to help build toward the end goal of completing the 10 page research paper. It is important that you complete each preliminary assignment on time.

1. Submit the **TOPIC Report Form** for your paper. **DUE Feb. 2**
   (Select & describe a topic you will write your paper about)
   Note: If you change your topic, submit in writing your new topic & obtain approval for it.

2. Submit a **PRELIMINARY BIBLIOGRAPHY** of 10 to 25 works, that apply to your topic and could be of possible use to you. *(Hint: Try to look at the sources & select at least ten whose content is best for your topic.)*
   **DUE March 2**

3. Submit a **PRELIMINARY OUTLINE** of your paper. This can be revised later and improved for inclusion in the rough draft and final paper.
   **DUE March 16**

4. Submit a photocopy of your **FIRST DRAFT OF THE PAPER**. Include footnotes, bibliography and outline page. Be sure to make a backup copy of your paper. This will enable you to continue working on your final version while we correct your first draft. **Double space your paper. DUE: April 13**

5. Submit the **FINAL DRAFT** of your ten page Research Paper.
The paper must be typed. It should be approximately 2500 words, minimum. In typed form with double spacing and one inch margins, this should come to about 10 pages of written text. In summary, your paper:
   *Should be typed with **double spacing**, one inch margins, 10-12 point font
   *Should be 10 pages / 2500 words (**10 or more, but less than 25 pp.**)
   *Should be a Research type paper (topic approved by us)
   *Should include Title Page, Outline page, Footnotes or Endnotes, and Bibliography
   *Pages should be numbered beginning with the first page of text.
   **DUE April 27**

6. Give an **ORAL PRESENTATION** of the findings of your research paper
   A short (five minute) presentation of your paper's thesis, summary of what you have researched (your findings/conclusions), and the implications / significance of your research.
   **DUE April 27**
IV. **GRADE COMPUTATION:**

Although the grades are carefully detailed according to the breakdown below, there is considerable flexibility for those of different abilities and experience. Significant credit is given for improvement. Promptness in handing in papers is more important in this course than in some courses because we want to give you feedback early enough so that you can have a chance to improve and revise your work under our guidance. The preliminary bibliography and outline must be completed before the rough draft to receive credit. The course also seeks to help you in planning the steps in doing a paper according to a timely schedule. To receive an "A" you need to carefully fulfill the promptness, attendance, and report requirements and not merely submit a good final paper.
