Addeddate. Critique of Pure Reason book. Read 676 reviews from the world's largest community for readers. 'The purpose of this critique of pure speculative reason... Einstein has done far more than correct a detail. The most obvious consequence is that the greater part of the Antinomy of Pure Reason - a good hundred pages of Kant's book - is rendered invalid. Kant argues, roughly, that it is not meaningful to inquire about whether the universe is finite or infinite in space and time. The fact that time and space are things radically changes the situation. English-language translations of Kritik der reinen Vernunft include: (1838) Critick of Pure Reason by Francis Haywood. (1855) Critique of Pure Reason by J. M. D. Meiklejohn (transcription project). (1881) Critique of Pure Reason by F. Max Müller. (1929) Critique of Pure Reason by Norman Kemp Smith. (1998) Critique of Pure Reason by Paul Guyer and Allen W. Wood ISBN 0521657296. Book description. This entirely new translation of Critique of Pure Reason is the most accurate and informative English translation ever produced of this epochal philosophical text. Though its simple and direct style will make it suitable for all new readers of Kant, the translation displays an unprecedented philosophical and textual sophistication that will enlighten Kant scholars as well. This translation recreates as far as possible a text with the same interpretative nuances and richness as the original. The extensive editorial apparatus includes informative annotation, detailed glossaries For some reason I remember this audio book being the worst one I ever listened to. I almost abandoned it because a lot of the time I felt like I wasn't getting anything out of it, like someone was reading something REALLY boring and annoying. I seem to remember there being a lot of problems with the naming of these sections where there would be a reader, then another reader, then another reader, listing off Kant's extremely long chapter titles. 22 - Of the Dialectical Procedure of Pure Reason download. 45.0M. 23 - Of the Paralogisms of Pure Reason download. 24.6M. 24 - The Antinomy of Pure Reason download. 35.7M. 25 - Antithetic of Pure Reason/1st and 2nd Conflicts download. 27.3M. 26 - 3rd & 4th Conflict of the Transcendental Ideas download.
