Description:

The classic, best-selling no-tears guide to making sure your baby--and you--get a full night's sleep has been updated - it is now easier to use and has been expanded to include more solutions plus critical new safety information. Nearly all babies fight sleep. Some people argue that parents should let their baby "cry it out" until the child falls asleep; others say parents should tough it out from dusk until dawn. Neither tactic fosters happiness in the family. The No-Cry Sleep Solution gives parents a third option: a proven method to pin-point the root of sleep problems and solve them in a way that is gentle to babies, effective for parents, and provides peace in the home. One of today's leading experts on children's sleep, Elizabeth Pantley delivers clear, step-by-step ideas for guiding your child to a good night's sleep--without any crying. This parenting classic shows how to decipher--and work with--your baby's biological sleep rhythms, create a customized plan for getting your child to sleep through the night, nap well during the day, and teach your baby to fall asleep peacefully, and stay asleep, without all-night breastfeeding, bottle-feeding, or requiring a parent's care all

through the night. And now, this updated edition is even easier to follow. It provides important new guidelines on safety (bedsharing, pacifiers, swings, slings, swaddling and more), and an expanded chapter specifically about newborns. It covers every sleep issue that occurs in the first few years and answers parents' common questions about white noise, back-sleeping, SIDS, day care, naps, nightwaking, bedsharing, dealing with strong-willed babies, working with caregivers, troubleshooting sleep issues, and more!

The No-Cry Sleep Solution. Gentle Ways to Help Your Baby Sleep Through the Night. A breakthrough approach for a good night's sleep with no tears. There are two schools of thought for encouraging babies to sleep through the night: the hotly debated Ferber technique of letting the baby "cry it out," or the grin-and-bear-it solution of getting up from dusk to dawn as often as necessary. If you don't believe in letting your baby cry it out, but desperately want to sleep, there is now a third option, presented in Elizabeth Pantley's sanity-saving book *The No-Cry Sleep Solution*.
Tips from *The No-Cry Sleep Solution: Uncover the stumbling blocks that prevent baby from sleeping through the night. Determine and work with baby's biological sleep rhythms. The No-Cry Sleep Solution is full of reassuring advice and words of wisdom from other parents who have had success with the program. It will give you the tools you need to effectively and gently reach your goal--a good night's sleep for everyone. About the Author.
